

Mission Statement

BLTC was created by 2nd Amendment enthusiasts, for 2nd Amendment enthusiasts. BLTC solves the problem of digital tokens existing from unknown origins. Black Aces Tactical is an American company with American values.

Vision

Black Aces Tactical has been a leader in the industry. We are proud to be the first gun manufacturer to enter the digital age. Black Aces Tactical has been in business for nearly a decade, with its parent corporation opening in 2005.

Utility

BLTC is not just a social currency. All revenues potentially derived from the BLTC project are directly reinvested towards accumulating more valuable firearms related assets to drive capital appreciation and community engagement. Assets could be but not limited to designs for new firearms, ATF clarifications, and ammunition, etc.

Schedule

BLTC is a gun friendly Binance Smart Chain token. 5% goes back to BLTC holders as reflections (Any wallet holding BLTC is considered a holder and will receive reflections, see Wallet Breakdown for exceptions), while the other 5% is added to the liquidity pool. The more you hold, the more you gain. 5% goes to Black Aces Tactical to facilitate utilities.

The Future

Black Aces Tactical is currently exploring the impact of accepting BLTC as payment for goods and services through its extensive dealer and distributor network. We feel digital currency is here to stay and will be a viable form of consideration.
